Perpetual Software Licenses

GSA SIN 132-33

The ASTS software is a Perpetual, Named User License. The Perpetual License entitles the customer to own a license to the ASTS software for the entire life of the product. The license is required for a customer to maintain the ASTS Annual Maintenance Subscription (which includes new versions of the software, updates, service packs and unlimited telephone/email technical support). In the Named User License model, the licenses track the total number of users in the ASTS database. For example, a 50 Named User License allows 50 users to use ASTS, all of them concurrently, if required.

| | GSA Price |
|---|---------------------|
| ASTS Standard Edition | \$ 13,500.00 |
| Web-enabled database. Microsoft SQL Server 2000 (or greater) and Internet Information Services Web Server 6.0 (or greater) is required and not included in cost. Crystal Runtime Engine is embedded. Comes with 5 Named User Licenses and includes ASTS Annual Maintenance Subscription (includes new versions of the software, updates, service packs and unlimited telephone/email technical support for one year from date of purchase) and one (1) ASTS Training class on-site at GRA training facility (with up to eight (8) attendees) in Huntsville, AL. One server installation. Does not include on-site installation. Standard Edition may be scaled to include additional Named User Licenses at an additional cost per license (see below). | |

| | |
|--|------------------|
| ASTS Standard Edition Additional Named User License | \$ 970.00 |
| Named User License, each. ASTS Standard Edition required. | |

| | |
|--|---------------------|
