# How ASTS Can Help

ASTS Software & Support Services:

Simplifying  
inventory  
management.

Offers Protection

- Standardizes accountability processes within your organization--GRA supported customers have NEVER failed an IG inspection or audit

Saves \$\$

- Reduces lost/stolen equipment, replacement costs, duplicate equipment purchases, warranty costs and excessive maintenance costs
- Saves key staff's time

Frees Up Valuable Time

- Allows you to devote more time to mission requirements (i.e. periodic inventory requirements, higher headquarter reporting requirements etc.)

Equipment Visibility

- Allows composite view of property. Know exactly what you have, where it is and what you can do with it
